This is tutorial #18 in the Drupal Commerce tutorial series. In the previous article, we performed steps to configure FedEx for the store. In this article, we will go through the basic steps required to integrate UPS functionality on your site. You will have to obtain a UPS account and Access Key. These details will have to be provided while configuring your store's back-end.

1.3 Sub-node objects inherit from the Node object. Each node object in a typical DOM tree inherits properties and methods from Node. Depending upon the type of node in the document there are also additional sub node object/interfaces that extend the Node object. Below I detail the inheritance model implemented by browsers for the most common node interfaces (< indicates inherited from).
